# How to create your Geeker account?

1 Receive an **invite** from your administrator or **click on the special AGS link**

*Note: DO NOT use the regular registration process.*

2 Enter your **email or google account** and click **continue**.

3 To create your account, **enter your details** and **create a password**.

4 Select **"Create Your Account"** to continue.

5 **Done!** You now have an account with Geeker.
